

Datasheet

RS PRO LED Twin Weatherproof – 6ft Emergency

Stock No: 2105506

Model:	6' 80W 600mm Polycarbonate Twin Emergency Weatherproof IP65
Length	1800mm
Width	96mm
Height	83mm
Weight	18.18kg

Features & Benefits:

- Suitable for industrial and commercial applications
- Energy savings of up to 50%, compared to fluorescent fittings
- ENEC Approved Driver
- Wide Voltage range (100-240V), with built in low voltage protection device
- Operating temp of 0°C to +50°C
- 3 hours emergency duration (250Lm)
- Improved install design. 2-part fitting allows for quicker installation
- Supplied with tamper proof, stainless steel clips
- Compatible with besa box mounting.

Model:	6' 80W 600mm Polycarbonate Twin Emergency Weatherproof IP65
Operating Wattage	80W
Operating Voltage	100-240V 50-60Hz
Power Factor	≥0.9
Colour Temperature	6500K
Luminous Flux	9600Lm
Luminous Efficiency	120Lm/W
CRI	≥80
Lifespan	50,000 Hrs
IP rating	IP65
IK Rating	IK08
