RS PRO 160mm, Flat Needle File

RS Stock No.: 146-7311

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This 160mm diamond file kit from our trusted and highly reliable own brand RS PRO is an essential tool kit used for filing a variety of applications that require a precise and high-quality finish. The coated diamond grit of the files provides a clean and precise sharpening on the push and pull stroke, as well as sideways and with a twisting motion on a variety of extremely hard materials such as steel and carbide. The files also feature an ergonomic handle providing consistent control and comfort.
