RS PRO 15 x 50mm 4 Hole Stainless Steel Angle Bracket

RS Stock No.: 749-1680

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These small but high-quality, L-shaped angle brackets are designed to join separate parts that meet at a right angle. As a result, they're most often used for mounting shelves or to support timber frames.
