## RS Pro Straight Conical Soldering Iron Tip

RS Stock No: **545-020**

### Product Details

RS Pro straight conical soldering iron tip is suitable for use with Engel B50, S50 and B50-A soldering irons. The separation from mains supply eliminates voltage spikes/surges and absence of earth allows use on isolated/floating components. Its nominal power is equivalent to 35 W irons. It reaches 350°C operating temperature within 7 seconds and has two light fittings mounted on tip holder, provides illumination of soldering area.

### Features and Benefits

- Nominal power equivalent to 35 W irons
- Operating temperature of +350°C reached within 7 seconds
- Safety lock for power switch

**Specifications:**

For Use With	Engel B50; S50 & B50-A Soldering Irons
Tip Shape	Straight Conical
