- Easy-slope adjustable step angle
- Elevated handrail
- Large serrations on treads for extra grip
- Manufactured and approved to recognized European GS standard

RS PRO 4 Tread Aluminium Steps 0.88m Platform Height, Silver

RS Stock No.: 789-8510

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This four-tread aluminium platform is ideal for shop floors, garages and warehouses, as well as other industrial and commercial settings where space is a constraint. Designed for safety, the treads have large serrations that deliver extra grip and the handrail is at a raised height for quick grasping. The easy-slope angle of the steps is adjustable for added comfort and stability. This unit has a platform height of 0.88 m and an overall height of 1.44 m. Fitted with tilt-and-pull wheels, it's easy to move around and, as it is only 120 mm deep when folded, it's simple to store, too.

General Specifications

Number of Steps	4
Material	Aluminium
Colour	Silver
Applications	Retail, Warehouse, Distribution, Home, Office

Mechanical Specifications

Overall Dimensions	1440mm x 580mm x 1110mm
Overall Height	1440mm
