

## Datasheet

# RS PRO Tungsten Carbide Burrs

Stock No: 1947989,1947990

Shape L, Inverted Cone  
 Diamond Cut: Universal cutting style.  
 Fast material removal.  
 Smooth finish.  
 Granular chip break.

### Technical Information

- high-performance tungsten carbide
- with cross tothing

### Application

To deburr, break edges, trim, process welding seams and surface processing

### Fields of application

For high-alloy steels, non-rusting steels, acid-resistant steels, heat-resistant steels, die-casts and plastics

## Technical Specifications:

RS No.	Burr Shape	Burr Pattern	 Burr Diameter	 Burr Length	 Shank Length	 Shank Diameter
1947989	Inverted Cone	Diamond	10	20	65	6
1947990	Inverted Cone	Diamond	12	32	77	6
