

PADLOCK CLASSIFICATION

Different shackle materials and heights for your choice:

Steel / Stainless steel

Insulation Shackle

Cable Shackle

Different body shapes for your choice:

Straight edge plastic lock body

A: Arc edge plastic lock body

B: Striped plastic lock body

WC: Width plastic lock body

WB: Width Striped plastic lock body

Different body colors for your choice:

Red

Yellow

Blue

Dark Blue

Green

Orange

Purple

Brown

Black

White

Grey

PADLOCK PROFILE CHART

Features

- Reinforced nylon body, ensures the padlock strength and can't be deformed easily. The steel shackle padlock withstands temperature from -20°C to +120°C. The non-conductive shackle padlock withstands temperature from -20°C to +120°C.
- Widely used in chemical, electrical, automobile industry, etc.
- With rewritable warning signs, other designs can be customized.
- Resistance of chemical, extreme temperatures and UV rays.
- Key Retaining Feature: When the shackle is open, the key can't be removed.
- Laser printing and logo engraving is available if required.
- Several types of lock bodies and different colors available.

LABEL LANGUAGE

Numbering on both lock body and key

Customizable padlock shackles

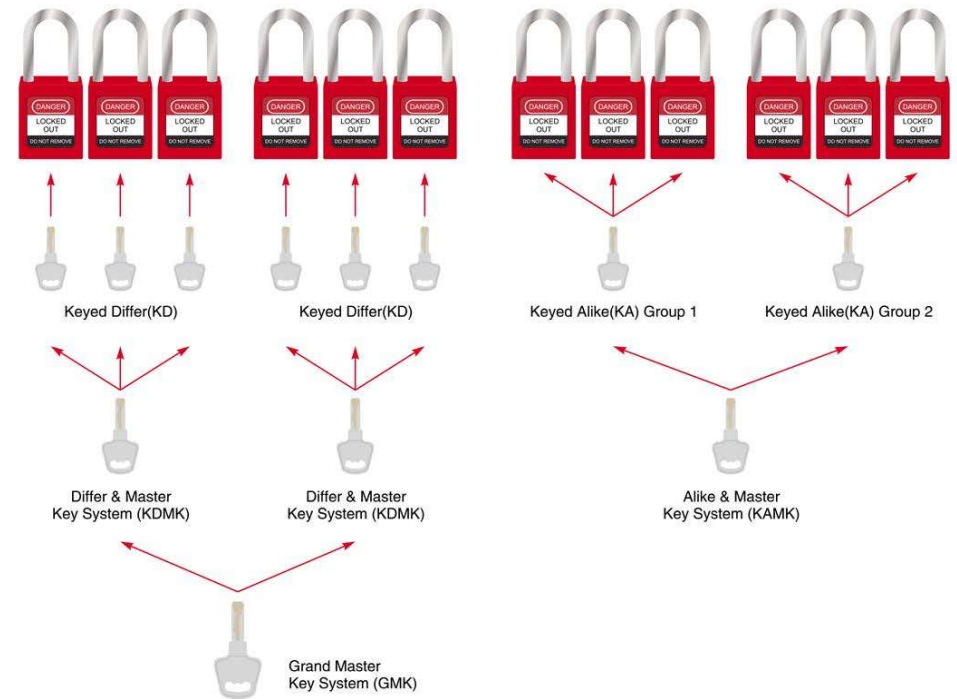

Different color key cover available

Normally key not have cover, if you want, we also can do for you.

KEY CHARTING SYSTEM

Key Charting System

- Keyed Differ System (KD): Each padlock is keyed differently, supplied with 1 key per lock. 50000pcs individual locks available.
- Keyed Alike System (KA): Each padlock is keyed the same in one group. 1 key will open all padlocks in each group.
- Differ & Master Key System (KDMK): Each padlock is keyed differently, supplied with 1 key per lock. A master key will override and open any of these padlocks.
- Alike & Master Key System (KAMK): Each padlock is keyed the same in one group. A master key will override and open all groups of Alike & keyed.
- Grand Master Key System (GMK): Each padlock is keyed different in one group. A grand master key will override and open all different KDMK groups.

Key Charting Registration

It is important that each employee at a site has a unique padlock key to help prevent duplicate keys from jeopardizing your lockout program. We promise to use different key and numbering for each order if required. Besides each key can be recorded in our programming system so that you can reorder the same key whenever necessary.

**SAFETY PADLOCK**  
Shackle Length: 38mm

Part No.	Description	Shackle Material	Specification
L410KARED	Keyed Alike	Steel	KD: Each padlock is keyed different KA: Each padlock is keyed the same in one group
