RS PRO 15cm Mini DisplayPort Male to DisplayPort Female Adapter - Black

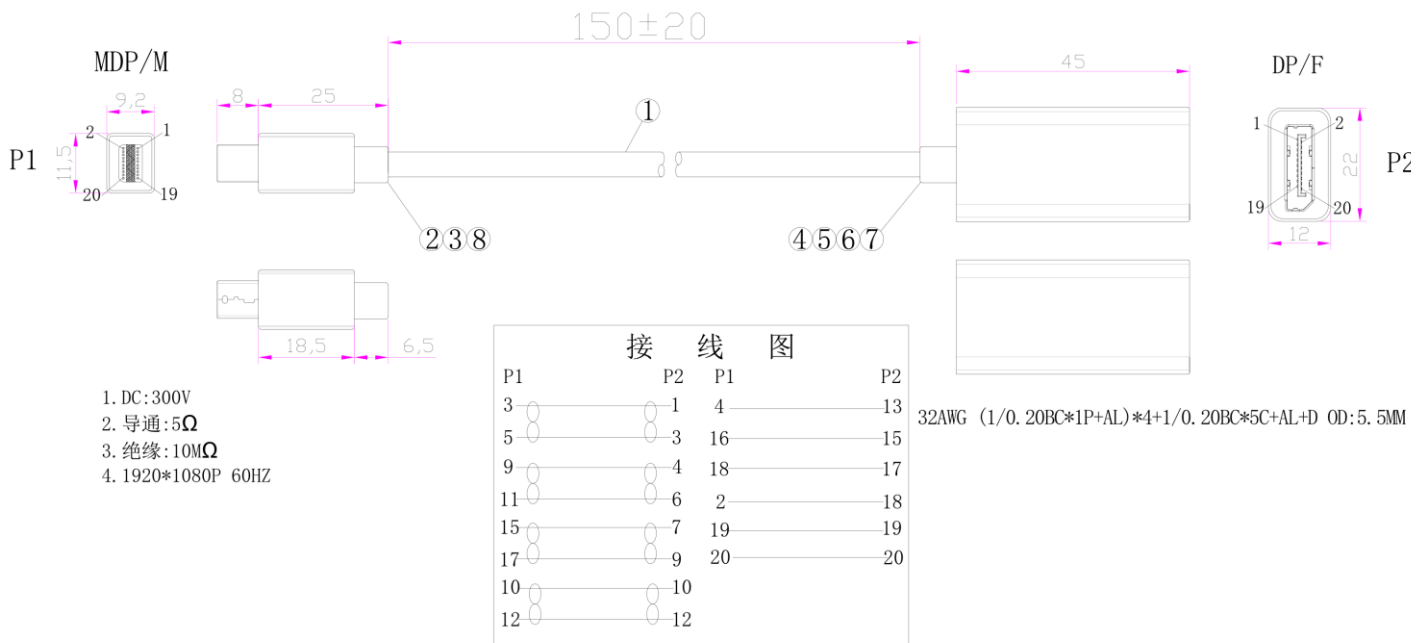

Stock number: 2369125

EN

The RSPRO 15cm Mini DisplayPort to DisplayPort adapter is a Mini DisplayPort male to DisplayPort female adapter. This will allow you to connect a DisplayPort monitor to a computer or graphics card that has a Mini DisplayPort output. This adapter only works in one direction and would be plugged in to the computer or graphics card NOT the monitor. This adapter allows you to use an existing DisplayPort Cable.

Our leaded adapter is made from 32awg copper conductors and has an outer diameter of 5.5mm. The shell around the connectors is glossy black and made from ABS.

It is capable of reaching resolutions up to 1080p@60Hz.

RoHS / REACH / CE / UKCA
