RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

From the trusted professional brand, RS PRO, this 845-piece woodscrew kit includes galvanised steel screws with yellow passivation in various sizes with flat screw heads and POZISQUARE® drives, the latest iteration of the cruciform recess to come after the widely-used Pozidriv. These screws have self-drilling tips, removing the need for pilot holes before insertion and making the fastening process much more efficient.
