RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing Noryl project boxes from our trusted and reliable own brand RS PRO, a range of enclosures ideal for housing electrical components that require a high temperature resistant protective case. These enclosures are manufactured using flame retardant, glass fibre reinforced Noryl (SE1 GFN2), providing excellent mechanical strength and electrical properties with a high temperature resistance.
