RS PRO Chain Tensioner

Stock number: 9010043, 9010047, 9010053, 9010056, 9010059, 9010062

EN

Description	Chain Tensioner is a mechanical device to maintain the correct tension in a chain drive.
Head Material	Ultra-High Molecular Weight Polyethylene
Colour	Black
Benefits	Increases chain life Compensating for chain stretch Reduces vibration and noise High reliability and low maintenance Elliptical guide profile for better surface contact. Self-lubricating dry PTFE column bushes as standard

Product	Load max. N	Chain pitch	A	B	B1	C	D	E min	E max	F	G	H	I	L	M	R	Weight Kg.
