

## Features

- Highly magnetic steel music wire per ASTM A228 for greater strength than stainless steel
- Full twist loop ends for secure fastening
- Load capacity of 757.0 newtons
- Maximum operating temperature of 250 degrees F (121 degrees C)
- Dry to the touch oil finish for added corrosion resistance

## RS PRO Steel Extension Spring, 87.2mm x 20mm

RS Stock No.: 121-400

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Steel Extension Spring is a heavy-duty product and perfect for any application, no matter the load capacity or operating temperature. It's made of highly magnetic steel music wire for up to 757.0 newtons of force and can operate up to 250°F (121°C). Plus, its oil finish is dry to the touch for extra corrosion resistance. Get the reliable performance you need with RS PRO Extension Spring!

## General Specifications

Material	Steel
Free Length	87.2 mm
Maximum Extended Length	103.4 mm
Outside Diameter	20 mm
Wire Diameter	4 mm
Initial Tension	757N
Spring Rate	39.7N/mm
