

FEATURES

- **Constructed from high-grade steel**
- **Two-component handle for ease of use**
- **For stripping of single, multiple and fine stranded conductors with plastic or rubber insulation**
- **With spring, adjusting screw and lock nut**
- **Shearing cutting edges**
- **Mirror Polished Head**

RS PRO 160 mm Wire Stripper, 5mm → 5mm

RS Stock No.: 161-186

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO brand, these VDE wire strippers are a fast and efficient way to strip insulation from wires. They can be adjusted for different sizes to strip wires in a smooth and ergonomic action. The wire strippers are insulated to VDE standards, which means they are ideal for repair, service technicians and engineers working near electrically energised systems up to 1000 V ac.

General Specifications

Stripping Range	5 to 10mm
Minimum Size	5mm
Maximum Size	5mm
Applications	Prototyping, Electronics, Engineering, Test and Measurement

Electrical Specifications

Insulation Testing	Tested to 1000VDC
---------------------------	-------------------

Mechanical Specifications

Overall Length	160mm
-----------------------	-------

Approvals

Compliance/Certification	IEC 900 1000V
VDE Approved	Yes
