

STRAP WRENCH

EGA Master manufactures a wide range of tube tools, among which we can find the strap wrench that allows **for quick gripping without damaging surfaces**.

1. Essential for **tightening and loosening pipes without marking their surface** (pipes, chrome fittings or faucets, PVC piping...).

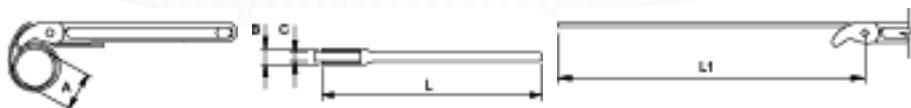

2. Durable interchangeable **nylon strap**.

3. With a **capacity of up to 12 inches**.

4. High-strength **lightweight alloy handle**.

STRAP WRENCH
