

CLEANTECH 100 + KIT

Product may differ from image

- Cleaning system for TIG or MIG welds on stainless steel. With 3L cleaning liquid, 10 fibreglass strips, jar and plastic case
- It restores shine to stainless steel by quickly eliminating the effects of colouration and oxidation formed during the welding process

Description

Cleantech kit is the new system to clean easily and quickly the TIG and MIG welds on stainless steel. Cleantech eliminates completely all the colouring and oxidation effects that are usually produced on the weld piece during the welding process as a result of the instantaneous electro-chemical reaction. Thanks to Cleantech, Stainless Steel will get back its peculiar brightness. This kit is particularly useful in all those works where the aesthetics of the material is mostly important. Your TIG and MIG welding seams will be clean and shining as never before.

Technical Data

Single Phase Mains Voltage	230 V
Mains frequency	50/ 60Hz
Adjustment positions	2
Dimensions	34.5 x 21.5 x 28 cm
Weight	14.4 kg
