RS Pro Circular Stainless Steel Anti-Vibration Mount

Product Details

The KPRD series mounts are simple cost effective mounts, designed for vertical shock load damping for static equipment. The KPRD series offer high deflection under load by virtue of its design.

Features:

- Circular mounts with centre hole

Application:

- Bump stops
- Industrial radiators
- Instrument cases
- Fuel tanker suspension
- Flight equipment isolators
- Vibration isolator for overhead suspension equipment
- Building roof shock vibration isolators

Dimensions:

RS Components	Diameter (D1) mm	Internal Diameter D2 (mm)	Height H (mm)
1263866	20	8.5	15
1263867	15	6.5	15
1263855	50	17	30
1263856	40	13.5	30
1263857	30	13.5	30
1263859	25	10.5	25
1263860	25	10.5	20
1263861	20	8.5	30
1263862	20	8.5	30
1263863	20	8.5	25
1263865	20	8.5	20
