## 4xAAA Aluminium Focus Flashlight

 **600**  
LUMENS

 **3** Light  
Settings

 **IPX4**  
Water Resistant

 **1m**  
Drop Proof

### Technical Data

600 Lumen White Osram P8 LED  
Tough aircraft-grade aluminium construction  
Easy twist flood-to-spot focus  
Pure white 6500k colour temperature  
Easy press aluminium switch on torch body  
Flawless domed lens for long distance beam  
Safety strobe function  
IPX4 water resistant  
1m impact resistant

**Product Size:** 48 x 48 x 163 mm

**Product Weight:** 228g (not including batteries)

**Battery:** 4 x AAA Alkaline Batteries (included)

### Operation

High > Low > Strobe > Off

### ADVICE & IMPORTANT INFORMATION!

- Only use high-quality Alkaline batteries or Ni-MH rechargeable batteries.
- DO NOT USE rechargeable LITHIUM batteries, these will damage your flashlight as they exceed rated voltage.
- Do not use batteries of different brands or mix old and new batteries. Please recycle used batteries responsibly.
- Battery life is affected by different battery brands, different ambient temperatures and different lighting modes.
- If you are not using the product for long periods of time (3 weeks or more), remove batteries to prevent battery leakage and battery depletion. Battery leaks are not covered under warranty.
- Do not look directly at the LED.
- Do not operate in direct sunlight or extreme temperature conditions (below -10°C or above 40°C).
- The LED will become hot when switched on; do not touch and do not place face down on any surface – risk of fire!
- Do not use the device if there is any visible damage to the housing.
- The aluminium housing can get warm. If it gets too hot turn down the brightness or turn off and allow to cool.
- Do not use the product in the immediate vicinity of flammable materials or gases.
- Children under 12 years of age should only use the product under adult supervision.
- Clean the product with a dry or slightly moist, clean, lint-free cloth and a mild detergent if required. Do not use cleaners that contain abrasives or solvents.
- Do not attempt to modify the product; this will void the warranty and can be dangerous.
- Improper use or modification is not covered under the warranty.
- Ensure the lens does not come into contact with hard/sharp objects; damage to the lens may affect light output.
- Protect the batteries from heat, intense sunlight, fire, water and moisture.
- If the batteries are damaged, fluids can leak out. AVOID contact as this can lead to skin irritation and possibly burns. If skin contact happens, rinse thoroughly with water. If irritation persists, seek medical advice. Also seek immediate medical assistance if battery fluid comes into contact with the eyes.
- Do not dispose of this device in normal household waste. It must be disposed of via an authorised disposal centre or at your local waste disposal unit.
- Please recycle packaging where possible.
- Keep these instructions for future reference or for subsequent possessors.

MODE			
HIGH	600 lm	80 m	1.5 hrs
LOW	150 lm	30 m	5.5 hrs
STROBE	--	--	3 hrs
