RS PRO 4 Drawer Storage Unit, PP, 629mm x 391mm x 390mm, Black

RS Stock No.: 838-6539

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These handy drawer storage units from our RS PRO range are an excellent on-site companion when you need to securely stow your tools. Acting as a portable workshop, there are four drawers in a tough thermoplastic body.

Polypropylene is durable and lightweight so these drawer storage units will withstand tough conditions but are easy to relocate. Anti-migration bars keep small, moveable parts in place. What's more, the drawers have transparent fronts to making finding items easy. These are slotted into a 15 cm high black case for a neat finish. There's also a drawer locking system for added security.
