

LED DOWNLIGHT

DLS SERIES

Application

Cabins, Passageways, Galleys, Meeting rooms

Material

Powder coated aluminium alloy body and heatsink with PMMA diffuser

Protection Class

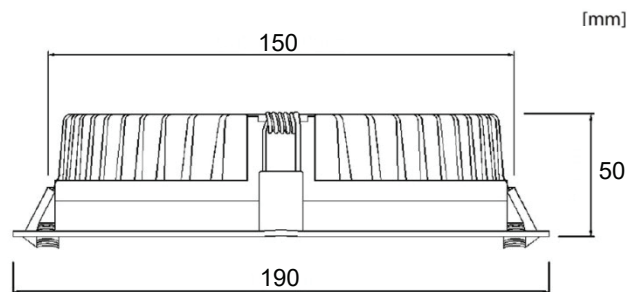

IP44

Weight

0.9Kg

Key Features

- Low profile suitable for shallow ceiling voids
- Triac dimming compatible
- 3 Selectable CCT: 3000K / 4000K / 6000K
- Energy savings of up to 52% compared to compact fluorescent system
- Vibration-resistant
- Long service life of 50,000 hours L70 @ 40°C (Ta)
- CE Marking, EMC safety compliance

TECHNICAL SPECIFICATIONS

Ideal Replacement:  42W CFL
