

45223

**Automatic crimp tool for wire-end sleeves
square crimping with rotating crimping head**

- **Makes handling easier** 360° rotatable crimping die open on 'both' sides for optimal accessibility.
- **Increases your efficiency** Automatic adjustment to the wire-end sleeve size with suitable crimping force for a large application area of 0.08 - 16 mm².
- **Lowers your costs** An emergency lever enables users to manually interrupt the crimping process at any time to protect the pliers.

- › For processing of wire-end sleeves with and without isolating collar according to DIN 46228, EN 50027.
- › Square pressing. 
- › Rotatable crimping head with its 45° detent ensures secure crimps from every position.

For clean cable ends.

Product knowledge

Interchangeable crimp inserts

Special steel - stable and durable

Emergency release function for manual termination of the crimping process

Wide range of application
Single: 0,08 up to 16mm²
Twin: 2x10mm²

Soft handles with slip guard

360° rotatable crimp head for frontal and lateral access

Automatic adjustment of the crimping tool

Knee-lever mechanism for high power transmission

Release for changing the crimp insert
