

FEATURES

- Crimping tool for flag terminals
- Carbon Steel body hardened to 45-48HRC
- Thermoplastic firm grip handle
- Pressure adjustment and ratchet crimp action for reliable and repeatable termination
- Crimp release for safety
- Insulated Terminal Sizes
- AWG: 22-16/ 16-14

RS PRO Plier Crimping Tool for Flag Terminal

RS Stock No.: 125-1966

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO brand this cable crimping tool is designed for use with insulated terminals, and easily crimps flag terminals onto appropriate wires and cables. A must wherever specialist connectors are needed, this tool is designed to handle different set sizes of terminals and is ideal for production work and maintenance applications alike. The different crimp sizes are even colour-coded for further ease of use

General Specifications

Crimp Tool Type	Plier
Crimp Connector Type	Flag Terminal
Applications	This durable and reliable terminal crimper can be used to crimp flag terminals onto appropriate wires, and as such has a wide range of uses in electrical connector applications, Prototyping, Electronics, Engineering, Test and Measurement

Mechanical Specifications

Wire Size (mm²)	1.25mm ² – 2mm ²
Wire Size (AWG)	1.22-16 AWG(1.25mm ²) 2.16-14 AWG(2mm ²)

Approvals

Standards Met	RoHS Compliant
