RS PRO Brass Single Check Valve, BSP 1/2in, 16 bar

RS Stock No: 242-2836

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Check Valves

Product Description

Keep the flow of your plumbing, heating & sanitary systems running uninterrupted with RS PRO's CIM 32 Brass Check Valves! With their M x F BSP threads on both inlet & outlet, they provide a secure connection that holds strong even when installed in vertical, horizontal, or oblique pipelines. No more maintenance worries - these reliable valves ensure that your systems stay up and running with no unwanted backflow.
