

FEATURES

- Non-conductive, therefore safe to use on electrical equipment
- Works faster than conventional solvents
- High flash point

RS PRO 500 ml Tin Precision Cleaner & Degreaser for Contacts, PCBs

RS Stock No.: 180-831

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO switch cleaner is a special blend of solvents for cleaning critical electro-mechanical components which is supplied in a 500 ml tin. This cleaning agent quickly and safely cleans electric motors and all types of electro-mechanical equipment where the use of water-based chemicals is inadvisable. Most electronics cannot be washed with water, so it's important to clean and coat your electronics correctly to remove dirt and prevent damage in storage and in use.

General Specifications

Package Size	500ml
Package Type	Tin
Product Category	Cleaner
Applications	cleaning and removing grease, oil, dust or flux from delicate electronic assemblies

Mechanical Specifications

Density At 20°C	0
Residue On Evaporation (ppm)	<10
Specific Gravity At 20°C	0.79g/ml
Vapour Pressure At 20°C	3.75mmHg

Operation Environment Specifications

Boiling Point	173°C to 193°C
Flash Point	>60°C

Approvals

Compliance/Certifications

RoHS Certificate Of Compliance
