

## The Tikk Tokk Play Pen

One of the sturdiest and best designs available!

### The TikkTokk NannyPanel!

The patented snap together panels make assembly easy, fast, and the most sturdy. No more panels falling apart from each other or that can't be assembled because they are too tight. Extendable by simply adding panels. It is 65cm tall and will therefore provide longer use than similar other products. The high quality plastic construction is easy to clean, strong and provides the safest environment for children to play in.
