

## FEATURES

### Features

- Compound-lever action multiplies hand force by 22 for less cutting effort.
- Accurate cutting edges.
- Induction-hardened jaws to HRC 64, precisely shaped for durability and accuracy.
- Long-lasting return spring.
- Zinc-plated handles.
- Available in a choice of lengths to suit different wire types.

# RS PRO DIAGONAL CUTTING PLIER FOR HARD WIRE 160 MM

RS Stock No: 254-5760

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

### DIAGONAL CUTTING PLIER FOR HARD WIRE 160 MM

FOR THE PROFESSIONAL WHO CUTS HARD WIRE FOR A LIVING. ADD THIS MASTERPIECE TO YOUR TOOLBOX TODAY.

A high-leverage cutter for soft, hard, dental and piano wire. Designed with a compound-lever action that multiplies hand force by 22 to reduce effort when cutting.

#### Benefits

- High-leverage design cuts hard wire with minimal effort.
- Cut piano and dental wire with ease.
- Requires less effort than conventional pliers of the same size.
- Easy to operate, regardless of your hand size.
- Built to last, with a robust construction and rust-proof finish.

#### Applications

Also commonly known as side cutters, these diagonal cutters are versatile for use by professionals and DIY enthusiasts, ideal for:

- Engineers and mechanics for general hard wire cutting.
- Manufacturers of sprung bed mattresses.
- Piano technicians for cutting piano wire.
- Dental laboratories and practices for cutting dental wire.
- Electricians for cutting small diameter electrical cable and wire. **WARNING: this tool must not be used on live electrical wire.**
