RS Stock No.: 673-4709

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The HSS-R drill bit set from RS PRO is an excellent bit set ideal for drilling clean holes with precision in a range of materials including metal, aluminium, brass and more. The drill bits are manufactured from HSS-R (high speed steel), offering excellent strength and heat resistance that prevents them from breaking or generating heat at high speeds. This high quality 19 piece HSS-R bit set is also supplied in a handy plastic drum case with the sizes displayed, ensuring they are protected and easy to locate.
