

Datasheet

Brass Pneumatic Quick Connect Coupling, G 1/4 Female, R 1/4 Male, Threaded

RS Stock number [667-1768](#)

Product Details

Series 19 Connectors, Single Shut off Standard Type

RS, Professionally Approved Products, gives you professional quality parts across all product categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.

Series 19 Connectors, Single Shut Off Standard Type

British profile pattern connectors, ideally suited to a wide range of industrial air line, air tool and garage applications. Couplings are of the single shut-off type, and all allow one-handed operation. All are interchangeable with PCL Airflow, CEJN 295 and Rectus 19 series. Maximum operating pressure is 35 bar and temperature range is -20°C to +100°C

Typical Flow Rate @ 6bar	Body Material	Sleeve Material	Plug Material	Shut-off Valve	Spring Material	Seal Material
660 l/min	Nickel plated brass	Nickel plated hardened steel	Nickel plated hardened steel	Brass	Stainless steel	Perbunan
