

## FEATURES

- 5% Cobalt High-Performance HSS-E Drill bits
- High-Temperature strength
- 135° non-slip split point
- Direct drilling
- Cuts faster and lasts longer

# RS PRO 19 piece Metal Twist Drill Bit Set, 1mm to 10mm

RS Stock No.: 216-678

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

RS PRO offers this exceptional Drill Bit Set made from HSS-E cobalt alloy for high-performance drill bits. It contains a great selection of the most commonly used diameters. With these High-Speed Steel (HSS) featuring a 5% cobalt content, this allows for increased heat resistance even without insufficient cooling. With the addition of Cobalt in the cutting material, these drill bits can be used on high tensile strength materials of 800N/m<sup>2</sup>. Featuring a 135° non-slip split point is great for precisely centring and manufactured in accordance with DIN 338 for high precision tolerances and geometric accuracies.

## General Specifications

<b>Set Type</b>	Jobber Drill Set
<b>Minimum Size</b>	1mm
<b>Maximum Size</b>	10mm
<b>Drilling Application</b>	Metal
<b>Material</b>	HSS-E Cobalt
<b>Number of Pieces</b>	19
<b>Set Contents</b>	HSS Drill Bits
<b>Point Angle</b>	135degrees
<b>Bit Finish</b>	Amber Finish
