

FEATURES

- Right angle stereo jack socket
- Screw on Bushing
- Enclosed in plastic casing
- Silver plated contacts

RS PRO 3.5 mm PCB Mount Stereo Jack Socket, 3Pole 500mA

RS Stock No.: 476-328

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS PRO, this PCB jack socket is cost-effective and reliable. The enclosed stereo socket is chassis fitting, with solder terminating tabs for secure and reliable PCB mounting. The plated mount bushing ensures further stability as it holds the jack securely to a panel. This silver plated closed circuit contacts ensure a quality signal, and are suitable for more demanding applications.

General Specifications

Type	Stereo
Gender	Female
Mounting Type	PCB Mount
Contact Plating	Silver
Colour	Black
Contact Material	Brass
No of Poles/Way	3
Application	Smartphone aux sockets, Headsets and headphones, Digital camcorders, Television and media peripherals, Audio applications

Electrical Specifications

Current Rating	500mA
Voltage Rating	30 V ac/dc

Mechanical Specifications

Size	3.5 mm
Body Orientation	Right Angle
Termination Method	Solder
Housing Material	Plastic
Mounting hole diameter	6mm
Maximum panel thickness	2mm
Length	15.5mm
Width	12mm
Height	6mm

Approvals

Compliance/Certifications	2011/65/EU and 2015/863
