ENGLISH

RS Pro 25 W Shatterproof / Fragment Retention Fly Killer Lamp U Bend 9-1/2 in

Product Details

U Shaped Tubes, Insect Killer

UV tubes primary used in insect killers, but also suitable for diazo copying & photo chemical applications

For use in food areas shatterproof versions provide protection from contamination by glass fragments

The ability of these tubes to attract insects diminishes over time. For this reason it is recommended that the lamp is replaced every year

Specifications:
