

Datasheet

RS Pro FPNP Series 1A 250 V ac 400Hz Through Hole Power Line Filter, with Pin Terminals

RS Stock No: **239-911**

Product Details

RS Pro 1 A power line filter works with voltages up to 250V at 400Hz. This through hole RFI filter has pin terminals. It protects digital logic circuits by providing high-level attenuation.

Features and Benefits

- Miniature space-saving mains RFI filter
- Protects digital logic circuits
- High attenuation is achieved by using high inductance current-compensated chokes and class X2 and Y capacitors

**Specifications:**

Mounting Type	Through Hole
Termination Style	Pin
Depth	25 mm
Dimensions	25 x 25 x 25 mm
Height	25 mm
Length	25 mm
Maximum Current Rating	1 A
Maximum Operating Temperature	+85°C
Minimum Operating Temperature	-25°C
Operating Frequency	400 Hz
Maximum Voltage Rating	250 V ac
