RS PRO White LED Strip 5m 12V

RS Stock No.: 883-7894

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO white LED strip lights are a simple lighting solution for any interior or exterior setting. These LED lights come with a self-adhesive backing, so they're simple to install. Versatile and quick to fix, they can be cut to size, adapted to contours and bent around corners and curves. These LED light strips are set in crystal resin for IP65 waterproof protection. They're also dust-tight and defended against water jets from any angle, making them popular in bathrooms or under kitchen units.
