FEATURES

- Transparent lid with visibility to internal components
- Two-part, modular, glass fibre enclosures offering excellent protection
- Removable chassis plates included
- Self extinguishing, resistant to ozone, most oils, acids, bases and salts
- Temperature range -50°C to +160°C

RS PRO General Purpose Enclosures- Fibreglass Enclosure

RS Stock No.: 501-496

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO Fibreglass Enclosures With Transparent Lid, IP66

This range of two-part, modular, fibreglass enclosures with transparent lids from RS PRO features a selection of high quality enclosures for housing electrical components, with various sizes available. The enclosures are manufactured with durable fibreglass with an IP66 rating, offering an excellent level of protection with high temperature and chemical resistance. The fibreglass construction also ensures protection against most oils, acids, bases and salts as well as being self extinguishing, making them ideal for use in industrial environments. The enclosures include transparent lids that provide visibility of internal components which is ideal for troubleshooting without having to completely open the enclosure.

General Specifications

Body Material	Fibreglass
Colour	Grey, Transparent
Lid Colour	Transparent
Handheld	No
Flanged	No
Shielded	No
Transparent Door	No
Explosion Proof	No
RAL Code	RAL 7036
Cover Screws Material	Stainless Steel
Temperature Range (Continuous)	-40°C to +80°C
Temperature Range (Short Term)	-50°C to +160°C

Mechanical Specifications

External Height	175 mm
External Length	372 mm
External Width	302 mm
External Dimension	372 x 175 x 302mm

Protection Category

IP Rating	IP66
IK Rating	IK10

Approvals

Declarations	RoHS Certificate of Compliance
