RS PRO Digital Thermometer

RS Stock No.: 465-9218

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

A great value RS PRO probe digital thermometer. This thermometer comes with 1 input stainless steel probe, rubberised handle and 1 x AAA battery. It has maximum or minimum memory. A digital thermometer can measure temperature to a decimal point rather than a whole number meaning its results are more accurate. Our unique range of hand held thermometers offer you the choice of calibration types and temperature measuring preference to suit your needs at affordable prices.

General Specifications
