

## FEATURES

- High pressures and high flow rates
- High quality gaskets
- Class H coils
- Products traceability

# RS PRO Pneumatic Solenoid Valves

RS Stock No.: 255-4160

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

*The RS Pro Solenoid valve has simple and compact design, the fluidity solenoid valves are available in 3/2NC versions. The materials used allow the FLUIDITY solenoid valves to be installed also in food applications or in contact with aggressive fluids and reach working temperatures from -40°C to +180°C. The proposed coils allow to obtain high performances and on request low power consumption.*

## General Specifications

### Materials

<b>Body/Sub-Base</b>	Brass
----------------------	-------

## Electrical Specifications

<b>Supply Voltage</b>	24 V
-----------------------	------

## Mechanical Specifications

<b>Number of Ports</b>	2/2 NC
<b>Connection</b>	3/8 G female
<b>Connection Size</b>	3/8 in
<b>Operation</b>	Solenoid

## Operation Environment Specifications

<b>Operating Temperature Range</b>	-10°C to +80°C
<b>Minimum Operating Temperature</b>	-20°C
<b>Maximum Operating Temperature</b>	40°C

## Approvals

<b>Standards Met</b>	EN1127, EN80079-36, EN80079-37
<b>Declarations</b>	EU Declaration of Conformity, UE Declaration of Conformity
