

Cable Stripper No. C 4 - 28

WEICON cable strippers allow all common round cables to be stripped accurately, quickly and safely. The cable stripper product family includes various types which have different additional functions, thus meeting the individual needs of the users.

The Cable Stripper No. C 4-28 H allows all common round cables of between 4 and 28 millimetres diameter to be stripped accurately, quickly and safely. The cutting depth of the blade can be regulated infinitely with the help of an adjustable screw on the end of the handle. This prevents damage to the inner conductor. The blade is integrated self-rotating into the casing, allowing automatic conversion from circular to longitudinal cutting. In addition, the No. C 4-28 H has a hooked blade which can be covered with a protective cap. This cap rests securely over the blade, significantly reducing the risk of injury.

Technical Data

| | |
|----------------------|---|
| Cable Type | flexible and solid conductors with PVC insulation |
| Range of application | overall diameter 4 - 28 mm |
| Inner blade | adjustable + exchangeable |
| Additional value | Hook blade with protective cap |
| Material | glass-fibre reinforced polyamide |
| Accessories | Replacement blade, art. no. 50100001 |
| Approval/Certificate | Tested safety TÜV NORD |
| Length | 180 mm |
| Weight | 80 g |

Note
Working with WEICON Stripping tools is only permitted with potential free wires and conduction.
