GST Reg No.: M2-0100087-4

RCB Reg. No.: 199102594K

## Material Safety Data Sheet

**Part Number** : GCD-DOTTED-L / M / S

**Description** : Conductive Dotted Glove

### Section 1 : Composition / Information on Ingredients

| Component | Concentration | CAS Number |
|-----------|---------------|------------|
| Polyester | 70%           | 25038-59-9 |
| PVC       | 30%           | 47238-13-6 |

### Section 2 : Hazards Identification

**Physical State** : Solid  
**Color** : White  
**Odor** : No significant odor  
**Hazard Status** : This material is not considered hazardous by the criteria for OSHA Hazard Communication Standard (29 CFR 1910.1200)  
**Potential Health Effects Ingestion** : This product is not intended to be ingested or eaten under normal condition of use, If ingested it may cause temporary irritation to the gastrointestinal (digestive) tract.

### Section 3 : First Aid Measures

**Skin contact** : None necessary  
**Eye Contact** : None Necessary  
**Ingestion** : Product is not intended to be ingested or eaten. If this product is ingested, severe irritation of the gastrointestinal (GI) tract may occur, and should be treated symptomatically. Seek medical attention.

### Section 4 : Fire-Fighting Measures

**Flammable Limits** : N/A (LEL) ; N/A (UEL)  
**General Fire Hazards** : There is no potential for spontaneous fire or explosion  
**Extinguishing Media** : Carbon dioxide (CO2), water, water fog, dry chemical

### Section 5 : Accidental Release Measures

No special response needed.

### Section 6 : Handling & Storage

**Handling** : No special handling has been shown to be necessary  
**Storage** : Keep container dry. Store away from excessive heat, flame, and strong oxidizing agents. Keep container closed to prevent contamination.

---

## Section 7 : Exposure Controls / Personal Protection

---

None necessary

---

## Section 8 : Physical and Chemical Properties

---

|                     |             |
|---------------------|-------------|
| Flash Point         | : N/A       |
| Evaporation Rate    | : N/A       |
| Melting Point       | : 260°C     |
| Vapor Pressure      | : N/A       |
| Boiling Point       | : N/A       |
| Solubility in Water | : Insoluble |

---

## Section 9 : Stability And Reactivity

---

|                          |   |
|--------------------------|---|
| Stability and Reactivity | : Stable, not reactive and hazardous polymerization does not occur. |
| Materials to avoid       | : N/A   |
| Conditions to avoid      | : Temperature above 200°C may cause material degradation.           |

---

## Section 10 : Toxicological Information

---

Not expected to be toxic to humans or animals. No specific data is available.

---

## Section 11 : Ecological Information

---

|   |   |
|---|---|
| Environmental Precautions                   | : No known significant components effects or critical hazards.    |
| Toxicity of the products of Biodegradation: | The product itself and its products of degradation are not toxic. |

---

## Section 12 : Disposal Considerations

---

Treatment, storage and disposal must be in accordance with all local, state and governmental regulations.

---

## Section 13 : Transport Information

---

**International Transportation Regulations:** These products are not classified as dangerous goods according to international transport regulations

---

## Section 14 : Regulatory Information

---

|                          |  |
|--------------------------|--|
| U.S. Federal regulations | : SARA 302/304/311/312 extremely hazardous substances: No products were found. |
|--------------------------|--|

---

## Section 15 : Other Information

---

|               |                 |
|---------------|-----------------|
| Date of Issue | : 12/ 20 / 2011 |
| Version       | : 1             |
