Product Description

This 2 kW fan heater from the RS PRO range can be easily transported and used when and where you need it. Measuring 217 mm high x 210 mm wide x 160 mm deep, it's small enough to move around easily and has an integrated carry handle. The heater is fitted with a two-pin Schuko Euro plug, so it can be plugged into the mains across many European countries. The fan motor features thermal protection to prevent overheating. Multistage temperature settings give you control, while an integrated room thermostat helps maintain constant warmth. The heater has been tested against a range of industry standards. It meets EN69335-1:2012+A11 and EN60335-2-30:2009+A11 as a safe household and similar appliance, and EN62233:2008 on electromagnetic fields. It also conforms to Afps GS 2014:01 Pa 3.1 on hydrocarbon levels.
