Product Description

These two-tread aluminium steps from our RS PRO range are compact and easy to carry around. They're suitable for use in commercial and industrial settings, as well as warehouses, garages and shop floors where space is limited. Its Easy Slope technology means this product has good adjustability. This helps with both the stability of the unit and your comfort when it's in use. Its large serrations give the steps with extra grip, ensuring they're safe. There's also a practical raised handrail to keep you steady.
