

## FEATURES

- Extremely durable
- High flow in compact dimension
- Easy installation
- Energy saving

# RS PRO Namur Valve Mono 5/2 - 1/4

RS Stock No.: 2312551

RS PROfessionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO namur valve mono 5/2 – 1/4 has large flow capacity, short change-over times and low change-over pressure. Also it has operating pressure range of 2 to 10 bar. It works on solenoid actuation. Solenoid coils are energy-saving and available in all voltage. It has Large flow capacity , short change-over times and low change-over pressure.

## General Specifications

<b>Maximum Operating Pressure</b>	10bar
<b>Application</b>	Pneumatic Automation, Robotics, Handling, Automotive Process, Textile, Packaging, Heavy Duty, Food Process

## Electrical Specifications

<b>Function</b>	BSP 1/4
<b>Actuation Type</b>	Solenoid Valve

## Mechanical Specifications

<b>Connection Port Thread</b>	Solenoid/Spring
<b>Mounting Style</b>	Monostable
