

## FEATURES

- **Black RJ45 (8 way)**
- **2 Ports Socket to Socket**
- **UTP Shielded coupler**
- **PBT Material for Durable design**
- **Phosphor bronze contacts with gold over nickel plating**
- **Dimensions: 20.55 x 14.48 x 26.98 mm**

## RS PRO RJ45 Modular Coupler, 2 Port, Shielded

RS Stock No.: 186-3111

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

From RS PRO, this RJ45 Modular Coupler enables RJ45 connector plugs and cable assemblies to be patched together straight through a patch panel or blank faceplates. This shielded modular inline coupler has a durable design and can easily press-fit into pre-cut panels. This is ideal for those who need a custom network architecture solution.

## General Specifications

<b>Type</b>	Modular Coupler
<b>Interface Type</b>	RJ45
<b>Number of Ports</b>	2
<b>Shield Type</b>	Shielded
<b>Wiring Configuration</b>	Straight Through
<b>Colour</b>	White
<b>Contact plating</b>	Gold Over Nickel
<b>Housing Material</b>	Thermoplastic UL 94V-0
<b>Contact Material</b>	Phosphor Bronze
<b>Application</b>	RJ45 connectors and cables are typically used for internet connections, forming either local area (LAN) or wide area (WAN) networks. For workspaces where Wi-Fi is restricted, or when a more dependable hardwire connection is required, this adapter allows you more mobility around an Ethernet connection. For connecting personal computers to modems and network architecture, this adapter is ideal

## Mechanical Specifications

<b>Length</b>	18.54mm
<b>Width</b>	21mm
<b>Depth</b>	27.46mm

Approvals

Compliance/Certifications	UL 94V-0/2011/65/EU and 2015/863
