

## ABS Plastic Instrument Enclosures

### Key Features

- Designed to house P.C. boards - for instrument use.
- Moulded in light grey or translucent black general purpose ABS plastic with a light texture (front & rear panels are smooth). Material carries a UL flammability rating of UL94 HB.
- Two-part clam shell construction. Bottom half includes moulded in standoffs for easy P.C. board installation. Larger enclosures also include P.C. board standoffs on the top half (see photo tables for details). Four short M3 screws included
- Front & rear panels are interchangeable and easily removable for modifications.
- Tongue and groove construction provides protection against dust & water. Designed to meet IP43.
- Includes two (or four) assembly screws (depending on size).
