

FEATURES

- Provide safety, reliability and are cost effective

RS PRO M8 x 20mm Shoulder Bolt

RS Stock No.: 292-322

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These hexagon socket shoulder screws feature a small cylindrical head with tall vertical sides. The socket screws are ideal when you have less room for wrenches. They have tall vertical sided means they also have space saving advantages.

Our RS Pro metric threaded socket head shoulder screws are produced in 12.9 grade black, self-colour steel.

General Specifications
