# Heatsink Transistor Spring Clip for use with TO-220

RS Stock No.: 131-1216

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

Use this RS PRO transistor spring clip with vertically-mounted heatsinks when a transistor has no mounting tabs. This clip provides a strong central pressure to a maximum of 7.5 kg, allowing the heatsink to transfer more heat to its external environment, ensuring your device remains as cool as possible.
