RS Pro Stainless Steel Hygienic Latch, Spanner to unlock

RS Stock No: **729-3209**

Product Details

RS Pro stainless steel hygienic latch offers a grip length of 20 mm. It resists cleaning agents and hot wash down using VQM silicone seal. This latch is suitable for use on medical, food, scientific and laboratory equipment.

Features and Benefits

- Suitable for use on medical, food, scientific and laboratory equipment
- Made from 304 grade stainless steel with elastomeric VQM silicone seal that is chemical and heat resistant
- Provides resistance against cleaning agents and hot wash down
- Complies with hygiene design requirements in EN 1672-2 and EN ISO 14159
- Latch shape and close tolerances between the insert and housing prevents ingress of dirt, dust and wash down water
- Spanner operated
- Four different grip lengths of 18, 20, 22 and 30 mm
