

Product Datasheet

ENGLISH

Single Colour Non-releasable Cable Ties

Basic Properties:

- Material: Nylon 66
- Flame-retardant to UL94-V2 rating
- Operating temperature range: -50 to +85°C

Features:

- Flame-retardant
- Available in multiple colours and sizes
- Quick and easy to fix either by hand or a tensioning tool.

Applications:

- Ideal for easy identification when bundling and organising cable and wire
