

## Datasheet

# RS PRO 15KW industrial fan heater

Stock number: 174-6573

EN

[rspro.com](http://rspro.com)

**Product specifications:**

Industrial fan heater  
Heating element : stainless steel  
Adjustable thermostat control  
Overheat protection  
With time delay  
Full metal casing  
Insulated handle for safer carrying  
15kw with waterproof class ipx4  
Electrical supply 380-400v, 50hz  
Heating output: 110/5000/10000/15000w  
Heating area : 120m<sup>2</sup>  
Air output : 1766 m<sup>3</sup>/h  
With 32a 5p plug and cable

**Feature:**

Small and portable  
Easy installation  
Does not consume oxygen, smoke free and low noise  
Built in high temperature resistant silicone wire, and high quality stainless steel

**Possible field of applicaton :**

Automobile workshop  
Construciton area  
Assembly opeation  
Food and beverage  
Storeroom and workshop  
Greenhouse

Please note, the packed power cord may only be used for this product.
