

FEATURES

- Deep raceway grooves
- Deliver high performance and high load capacity
- Offers better protection against dirt and grease

Longer lifespan

RS PRO 3mm Miniature Ball Bearing 10mm O.D

RS Stock No.: 261-2628

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO shielded deep groove ball bearings are versatile ball bearings that suit high and very high speeds, they will accommodate both radial load and axial load in both directions. The ball bearings need very little maintenance. RS PRO deep groove ball bearings come in a range of different sizes. This range is single row ball bearings.

General Specifications

Ball Bearing Type	Miniature
End Type	Shielded
Number of Rows	1
Static Load Rating	219N
Material	Steel
Race Type	Plain
Bore Type	Parallel
Application	Food and Beverage Industry, Pharmaceutical, Medical industry, Engines and Pumps, Medical Industry, Printing

Mechanical Specifications

Inside Diameter	3mm
Outside Diameter	10mm
Race Width	4mm
Dynamic Load Rating	631N
Static Load	141N
Mass	0.0016kg
