## Self Adhesive Trapezoidal Edge with Slot 1000L x 40W x 38H

### Feature:

*These Edge Protectors help to minimise the impact of a force to protect walls, edges, pipes, machinery and many other areas. They are made out of polyurethane foam and the bright yellow helps to warn anyone of potential danger nearby, for example in warehouses.*

***Supplied with strong self-adhesive tape already applied for easy installation.***

Physical Properties	Units	Value
