

FEATURES

- Excellent adhesion to metals, glass, ceramics, wood, tiles and painted surfaces
- Excellent weather resistance
- Watertight seal
- Package Type Cartridge

RS PRO White Silicone Sealant Paste 310ml Cartridge

RS Stock No.: 512-799

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

A one part, neutral curing silicone sealant in black or white. It has excellent un-primed adhesion to both porous and non-porous construction substrates and is ideal for use in expansion joints, curtain walling and building facades.

General Specifications

Chemical Type	Elastomer
Product Form	Paste
Colour	White
Package Size	40g/200ml
Package Type	Cartridge
Physical Properties	Low Modulus, Neutral Cure
Cure Time	7 (23°C) days
Odour	Sweet
Minimum Operating Temperature	-50°C
Maximum Operating Temperature	100°C
Operating Temperature Range	-50°C to +100°C
Food Processing Safe	No
Application	Jointing

Mechanical Specifications

Hardness	30 Shore A
Specific Gravity	1.52
Tensile Strength	180N/cm

Approvals

Compliance/Certifications	BS5889 Type A, DIN 18545
